

PRODUCT

4F LUSSO

Upholstery fabric category

PIGMENTED COWHIDE
with fine embossing

Leather thickness in accordance with standard EN ISO 2589

1,1 - 1,3 mm

QUALITY FEATURES

The product meets the quality requirements of DIN EN 13336:2012.

Light fastness EN ISO 105-B02

>5

Fastness to rubbing EN ISO 11640/41
dry / wet / sweet solution

4 / 3 - 4 / 3 - 4

Long-term folding behaviour DIN EN ISO 5402-1
i. A. DIN 53359 - 50,000 folds

no cracks

Cigarette test DIN EN 1021-1/BS 5852-0

passed

Azo dyes

Aryl amines in accordance with applicable legal provisions DIN EN 14362-1 & 3

not verifiable

PCP pentachlorophenol, TeCP, TriCP SOP 4309

not verifiable

Chromium (VI) content DIN EN ISO 17075

not verifiable

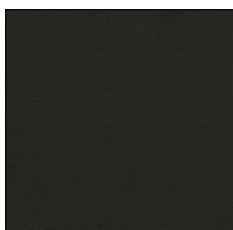

Further test results are available from Cotta Collection AG on request.

COVER PROPERTIES

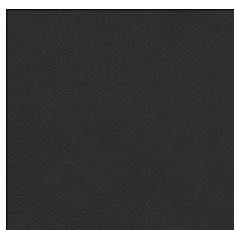

LUSSO will delight you with its softness and full feel. Although the article is corrected and slightly pre-embossed, the desired impression of a largely natural leather remains. This is achieved through particularly careful selection of the raw material and a very elaborate tanning process, which is based on years of manufacturing experience. The natural characteristics of each hide are just as much a part of the look of LUSSO as the irregular grain pattern that makes each sofa unique.

Wiping with a clean, slightly damp cloth is usually sufficient for cleaning. Avoid aggressive cleaning agents and greasy care products that can damage the surface. If in doubt, ask your dealer.

Do not place your furniture directly next to heat sources (radiators, fireplaces) and avoid strong, direct sunlight. Avoid discolouration from clothing fabrics or decorative cushions. Colour and texture deviations are typical for the product and do not justify complaints.
